

The Avian Dissuader®

Model BDL-532HP (Green)

**THE
BRIGHTEST
IDEA
in
BIRD
CONTROL**

The answer for effective bird control at airports is here!

The BDL-532HP Avian Dissuader® provides the ability to work birds as much as 2 kilometers away plus the ability to manage targeted birds in flight.

Join the many commercial and military airports already enjoying success with the Avian Dissuader® laser. Existing Airport users include:

- Several regional and international airports in the US including JFK and Dulles airports in New York
- Most US Air Force, US Navy and US Marine Air Bases
- Commercial and military airports in England, France, Italy, Germany, Sweden, Norway, the Netherlands, Denmark, Spain, Portugal, Poland, Serbia, Mexico, China, Dominican Republic, Panama, Russia, South Africa, Australia and others.

Specifications –

Size - approx 8 inches in length
Laser wavelength – 532nm
Laser output - 50mW (class3b)

Weight - <2 lbs
Power – 9V Lithium Ion battery
Effective distance – > 2 Kilometers

Features –

- The limit for lasers has been their inability to be effective during the day – the BDL532HP reduces the limit by providing a 70% brighter beam than the BDL-532. This powerful laser will scare birds away for much of the day – or all day if it is cloudy.
- **Now available with internal limit switch to prevent the laser from operating if pointed up or above the horizon. This is a no-cost option.**
- Tested and proven effective dispersal for most species of birds, especially effective on diurnal birds and for removing any species of bird in high ambient light.
- No noise – no chemicals - means fewer complaints about use.
- Designed with integral key-lock and 3-second trigger on delay for maximum safety.
- Requires minimal training (5 – 10 minutes).
- Clear large open areas in minutes.
- Light, easy to maneuver and operate with pistol grip handle and trigger for off/on.
- High quality – high grade aluminum, stainless and brass construction with rugged design assure years of trouble-free service.
- Minimal maintenance - only requires lens cleaning and battery replacement.
- Safety glasses, Red dot sight for aiming (shown above) and lockable, weatherproof carrying case for storage provided at no extra cost.
